MOTOR VEHICLE TRANSPORT ACT, 1987
LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles

with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

BINDING AND IMPLEMENTATION

27. The recommendations of the Commission under paragraph 13, except those related to pensions, shall come into effect on the first day of April in the year following the year the Commission began its inquiry, except in the case of salary recommendations which shall come into effect on the first of April in the year in which the Commission began its inquiry and shall have the same force and effect as if enacted by the Legislature and are in substitution for the provisions of any schedule made pursuant to this Agreement and shall be implemented by the Lieutenant Governor in Council by order-in-council within sixty days of

29. Where a difference arises between the Crown and the judges' associations relating to the implementation of recommendations properly within the scope of issues set out in paragraph 13, except those related to pensions, the difference shall be referred to the Commission and, subject to affording the Crown and the judges' associations the opportunity to make representation thereupon to the Commission, its decision is final and binding on the Crown and the judges' associations.

39. Neither party can utilize the dispute clauses to limit, or to narrow, the scope of the Commission's review as set out under paragraph 13, or the binding effect of recommendations within its scope as set out under paragraphs 27 and 28.

40. The parties agree that in the event that an item(s) is referred to the Commission under paragraph 34, the Minister will proceed to implement the other recommendations of the Commission as set out in paragraphs 27, 28 and 33, except where the matter in dispute under paragraph 34 directly impacts the remaining items.

2. Determine the Industrial Aggregate for the twelve-month period immediately preceding the period referred to in paragraph 1.

3. Calculate the percentage that the Industrial Aggregate under paragraph 1 is of the Industrial Aggregate under paragraph 2.

4. If the percentage calculated under paragraph 3 exceeds 100 per cent, the salaries are to be calculated by multiplying the appropriate salaries for the year preceding the year for which the salaries are to be calculated by the lesser of that percentage and 107 per cent.

5. If the percentage calculated under paragraph 3 does not exceed 100 per cent, the salaries shall remain unchanged.

46. In paragraph 45, "Industrial Aggregate" for a twelve-month period is the average for the twelve-month period of the weekly wages and salaries of the Industrial Aggregate in Canada as published by Statistics Canada under the authority of the *Statistics Act* (Canada).

47. The salaries, allowances and benefits of provincial judges shall be paid out of the Consolidated Revenue Fund.

MOTOR VEHICLE TRANSPORT ACT, 1987
LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

ONTARIO REGULATION 414/93
made under the
ENVIRONMENTAL ASSESSMENT ACT

Approved: June 30, 1993
Filed: July 12, 1993

EXEMPTION—THE CORPORATION OF THE CITY OF PORT COLBORNE—PC-M-1

Having received a request from The Corporation of the City of Port Colborne (the "proponent") that an undertaking, namely:

> the expansion, operation and closure of the existing landfill located on Part of Lot 29, Concession 3, in the City of Port Colborne, for the disposal of domestic, commercial and solid non-hazardous industrial waste as described in Emergency Provincial Certificate of Approval No. A120302,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the proponent that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The proponent and its residents will be without a municipal solid waste disposal facility, which will compromise public health.

B. Disposal of waste outside the City boundaries requires transportation over long distances which affects the environment and disposal rights of others.

C. The proponent and its residents will be subject to the delay of improved facilities at the site if it is required to prepare an environmental assessment for the undertaking. Such a delay could result in negative impacts to the public health and natural environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.

B. Alternatives have been investigated.

C. A mandatory public hearing under Part V of the *Environmental Protection Act* for the approval of the expansion of the fill contours will be held.

D. The proponent is participating in the development of Port Colborne/Fort Erie's Waste Management Master Plan, which is proceeding expeditiously to, among other things, locate a site for the proponent's waste.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. No waste shall be disposed of by the proponent pursuant to this order after the earlier of:

   i. five years after a Provisional Certificate of Approval for the waste disposal site has been issued pursuant to this order, and

   ii. the commencement of operations of a waste disposal site pursuant to the Port Colborne/Fort Erie Waste Management Master Plan,

   unless an application for an approval under the *Environmental Assessment Act* for an undertaking under the Port Colborne/Fort Erie Waste Management Master Plan which includes a waste disposal site proposed for use for waste from the proponent has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the proponent pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking. INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

EXEMPTION—THE TOWNSHIP OF CLARENCE—CLAR-TP-1

Having received a request from The Corporation of the Township of Clarence in the United Counties of Prescott-Russell (the "Township") that an undertaking, namely,

> the interim expansion, operation and closure of the existing and approved Clarence Township landfill site situated on Lot 15, Concession IV, Township of Clarence, for the disposal of domestic, commercial and non-hazardous solid industrial waste, with the changes as described in the Reports entitled "*Application for Interim Expansion Township of Clarence Landfill, Volumes 1–4*" dated September, 1992 prepared by McNeely Engineering Consultants Ltd., and Golder Associates Ltd.,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Township that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Township will be subject to delay and expense if it is required to prepare an environmental assessment for the interim undertaking.

B. The Township will be subject to unnecessary delay and expense in implementing its long-term waste management program.

C. The Township and its residents will be without a municipal solid waste disposal facility.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.

B. Alternatives have been investigated.

C. A public hearing under Part V of the *Environmental Protection Act* for the approval of the continued operation will be held, thereby permitting the public and government agencies the opportunity to review the proposed changes to the site.

D. It is the intention of the Township that the proposed long-term waste management program be pursued in accordance with applicable legislation and the Township expects that sufficient elements of the program will be implemented prior to the conclusion of the exempt undertaking.

This exemption order is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. No waste shall be deposited at the Clarence Township landfill site pursuant to this order more than five years after the date of the Provisional Certificate of Approval for the waste disposal site has been issued for the purpose of this order.

4. No waste shall be deposited at the Clarence Township landfill site pursuant to this order after the earlier of,

   i. five years after the date of the Provisional Certificate of Approval for the waste disposal site has been issued for the purpose of this order, and

   ii. the commencement of operations of a waste disposal site pursuant to the Township of Clarence Environmental Assessment,

   unless an application for an approval under the Act for an undertaking under the Township of Clarence Environmental Assessment which includes a waste disposal site proposed for use for waste from the Township has been submitted to the Minister under the Act, in which case, no waste shall be disposed of by the Township pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

5. Commencing no later than January, 1994, the Township shall submit an annual report to the Director, EA Branch, Ministry of Environment and Energy, outlining the Township's progress in realizing a long-term solution to its waste disposal issues. O. Reg. 425/93.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

ONTARIO REGULATION 445/93
made under the
ENVIRONMENTAL ASSESSMENT ACT

Approved: July 23, 1993
Filed: July 28, 1993

EXEMPTION—TOWNSHIP OF ASPHODEL—ASPH-T-1/1

Having received a request from The Corporation of the Township of Asphodel ("the Township") that an undertaking, namely:

> the continued operation as an interim measure and closure of the existing and approved Township of Asphodel Landfill Site, situated on parts 1, 2, 3 and 4, lots 17 and 18, Concession IV and parts 5, 6, 7, 8, 9, 10 and 11, lots 17 and 18, Concession V, in the County of Peterborough, for the disposal of domestic, commercial and non-hazardous solid industrial (agricultural) wastes with the changes as described in the Report entitled "Request for Section 29 Exemption from the *Environmental Assessment Act* for Interim Height Expansion of the Existing Asphodel Landfill Site", dated February, 1992, prepared by Proctor & Redfern Limited, including the letter from Proctor & Redfern Limited to the Minister of Environment and Energy dated April 29, 1993,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Township that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The Township will be subject to delay and expense if it is required to prepare an environmental assessment for the interim undertaking.

B. The current users of the site who are located in Peterborough County, the Township of Asphodel, will be without a municipal waste disposal facility as of March 7, 1992.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

A. The continued operation of the existing landfill is clearly an interim measure for which there is no other reasonable waste management alternatives which can be implemented within the necessary timeframe. Steps have been taken to reduce dependence on disposal through landfilling by implementing 3Rs opportunities, including recycling and home composting.

B. Alternatives have been investigated.

C. A public hearing under Part V of the *Environmental Protection Act* for the approval of the continued operation will be held.

D. It is the intention of the proponent that a long term waste management program be pursued in accordance with applicable legislation and that sufficient elements of the program will be implemented prior to the conclusion of the exempt undertaking to avoid the need for further exemptions.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.

2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.

3. No waste shall be disposed of from the Township of Asphodel pursuant to this order after the earlier of,

   i. five years after a Provisional Certificate of Approval for the waste disposal site has been issued pursuant to this order, and

   ii. the commencement of operations of a waste disposal site pursuant to the Peterborough County Waste Management Master Plan,

unless an application for an approval under the *Environmental Assessment Act* for an undertaking under the Peterborough County Waste Management Master Plan which includes a waste disposal site, at which waste from the Township of Asphodel may be disposed, has been submitted to the Minister under the Act, in which case, no waste shall be disposed of from the Township of Asphodel pursuant to this order more than one year after a decision is made under the Act to approve or not approve the undertaking.

4. Obtaining all necessary approvals for the implementation of a long term waste management program in accordance with applicable legislation within the interim period specified in condition 3 shall be pursued expeditiously.

5. The Township shall file an annual report to the Director, Central Region, Ministry of Environment and Energy outlining the Township's progress in achieving leachate abatement at the existing site and the progress in implementing a long term waste management program; a copy of the reports shall be given to the Directors of the Environmental Assessment and Approvals Branches of the Ministry of Environment and Energy. Copies of the reports referred to in this exemption order shall be kept in the public records maintained under section 30 of the Act by the Environmental Assessment Branch.

6. In preparing material and carrying out studies for the application under Part V of the *Environmental Protection Act*, the Township shall consult with any public authorities and groups who express an interest therein and provide them with copies of all relevant material.

7. Except as provided in the approval issued under Part V of the *Environmental Protection Act*, the undertaking shall be carried out in accordance with the February, 1992 Proctor and Redfern Ltd. Report, including the letter from Proctor & Redfern Limited to the Minister of Environment and Energy dated April 29, 1993.

8. In the event the site is acquired by another municipality, the acquiring municipality shall carry out the responsibilities of the Township under this order. O. Reg. 445/93.

The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.

Environmental Assessment Act
Loi sur les évaluations environnementales

SECTION 14

NOTICE OF APPROVAL TO PROCEED
WITH THE UNDERTAKING

RE: An Environmental Assessment for the Mississauga Transitway (from the Ninth Line to Renforth Drive).

Proponent: The Corporation of the City of Mississauga

EA File No.: TP-MS-02

TAKE NOTICE that the period for requiring a hearing, provided for in the *Notice of Acceptance of the Environmental Assessment* for the undertaking, expired on June 4, 1993. I have received no notices requiring a hearing by the Environmental Assessment Board with respect to approval to proceed with the undertaking.

Having on May 2, 1993 accepted the Environmental Assessment as amended by the proponent's letter dated October 19, 1992.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as amended by the proponent and accepted and the submissions received, I hereby give approval to proceed with the undertaking. Subject to the following terms and conditions:

1. Except as otherwise provided by these conditions, the undertaking shall be carried out in accordance with the provisions of the Environmental Assessment (EA) as accepted which are incorporated herein by reference.

Emergency Services

2. The Peel Regional Police and the local fire and ambulance services shall be invited to participate in the planning of the detailed designs of the facilities. The functional design of the Mississauga Transitway may be modified to:

   - Ensure the safety of passengers during non-standard hours.
   - Ensure the requirements of the *Trespass to Property Act* will be fulfilled and increase the authority of anyone assigned to enforce these policies.
   - Discourage use of Transitway for drag racing.
   - Ensure the Transitway is capable of being completely closed off to unauthorized vehicles once the system closes for the night.
   - Incorporate correct signage to control motor vehicle access to the Transitway during operating times.
   - Allow access of emergency vehicles to all sections of the Transitway.
   - Ensure adequate water supply during and after the project.

Management of Open Cut Materials, Stormwater Management, Noise

3. Prior to the commencement of construction and the completion of detailed construction design of a stage, The Corporation of the City of Mississauga shall supply to the Ministry of Environment and Energy's Director of Central Region of review and approval;

   - A plan outlining the procedures to be followed for the disposal of the excavated material. Included in this plan will be the procedures that will be followed if the excavated material is contaminated.
   - A stormwater management plan/strategy in the vicinity of any watercourse. This shall be done in consultation with staff of the MOEE's Central Region. If required, engineering details are to be submitted to the MOEE's Director of Approvals Branch at the detailed design stage of the process. The proponent shall refer to the "Interim Stormwater Quality Guidelines for New Development".
   - A letter stating that all the recommendations contained in the S.S. Wilson and Associates Report, Environmental Noise Study, Proposed Mississauga Busway System, W90-72 (February 1, 1991) will be followed.

Heritage Resources

4. A cultural heritage resource assessment of the transitway right of way and mitigation and/or salvage excavation of any significant heritage resources shall be carried out to the satisfaction of the

Regulatory Corporation Group, Cultural Operations & Field Services Branch of the Ministry of Culture, Tourism and Recreation. No grading or other soil disturbances shall take place on any stage's subject property prior to a letter of clearance from the Development Plans Review Unit of the Ministry of Culture and Communications for such stage. A copy of this letter will be filed with the MOEE.

Halton-Peel Boundary

5. The City of Mississauga shall consult with the Regional Municipality of Halton and the Town of Oakville concerning the detailed design of the Mississauga Transitway at the Halton-Peel Boundary and the design of both the Ridgeway and Winston Churchill Stations to ensure flexibility to accommodate access to the Transitway from Halton Region.

Approvals

6. None of the above conditions exempt anyone from obtaining approvals required under the Ontario *Water Resources Act* or any other statute.

REASONS:

My reasons for giving approval are:

1. On the basis of the proponent's Environmental Assessment, their letter of October 19, 1992, the Review and the submissions, the proponent's conclusion that, on balance, the advantages of this undertaking outweigh its disadvantages appears to be valid.

2. No other more beneficial alternative method of implementing the undertaking was identified.

3. On the basis of the proponent's Environmental Assessment, the Review and the conditions of approval, the construction, operation and maintenance of the undertaking will be consistent with the purpose of the Act (section 2).

Dated the 6th day of July, 1993 at Toronto.

(Definitions by Minister, Exemptions, Forms and Rebates)

Note: Since January 1, 1993, Regulation 1012 has been amended by Ontario Regulations 80/93 and 112/93. For prior amendments, see the Table of Regulations in the Statutes of Ontario, 1992.

1.—(1) The definition of "settler's effects" in section 1 of Regulation 1012 of the Revised Regulations of Ontario, 1990 is revoked and the following substituted:

"settler's effects" means,

(a) household goods and equipment that are owned by an individual for at least thirty days immediately before taking up residence in Ontario if,

(i) the individual was resident outside Ontario for at least one year before taking up residence in Ontario,

(ii) the individual has entered Ontario with the intention of establishing or re-establishing a residence for a period longer than one year,

(iii) the household goods and equipment are brought into Ontario for use and consumption in Ontario within six months of the individual taking up residence in Ontario, and

(iv) the household goods and equipment were acquired in a province or territory of Canada other than Ontario, the individual has paid all applicable taxes in respect of their consumption or use to the province or territory and none of the tax is refundable or has been refunded to the individual, and

(b) tangible personal property that was acquired for consumption or use in a province or territory of Canada other than Ontario in the operation of a business located and carried on in the province or territory if,

(i) the tangible personal property was owned for at least thirty days immediately before the date that the business was relocated to Ontario,

(ii) the tangible personal property was brought into Ontario within six months of the date that the business was relocated to Ontario, and

(iii) the purchaser has paid all applicable taxes in respect of the consumption or use of the tangible personal property to the province or territory in Canada and none of the tax is refundable or has been refunded to the purchaser before the relocation of the business to Ontario;

(2) Section 1 of the Regulation is amended by adding the following subsection:

(2) For the purposes of subclause (a) (i) of the definition of "settler's effects" in subsection (1), a person who continues to maintain his or her residence in Ontario during a temporary absence from Ontario is not resident outside Ontario. O. Reg. 476/93, s. 1 (2).

2. The Regulation is amended by adding the following section:

3.1—(1) For the purposes of subsection 2 (9) of the Act, where tangible personal property consists of a package or arrangement of items of tangible personal property, the fair value of the package or arrangement, for the purposes of taxation under the Act, is the price paid by the purchaser for the package or arrangement if,

(a) some of the items of tangible personal property in the package or arrangement, if sold individually, could be acquired by a purchaser exempt from tax under the Act; and

(b) the package or arrangement, including the container and packaging, is sold for one price.

(2) Despite subsection (1), the fair value of a package or arrangement of items of tangible personal property is the separate and reasonable charge made for the items of tangible personal property that are subject to tax, if,

(a) the vendor of the package or arrangement specifies a separate and reasonable charge for the items of tangible personal property that could be acquired by a purchaser exempt from tax under the Act and for the items that could be acquired by a purchaser subject to the payment of tax;

(b) each separate and reasonable charge is clearly communicated to the purchaser; and

(c) the vendor maintains a record of the separate and reasonable charge made for the items of tangible personal property that are subject to tax.

(3) Despite subsections (1) and (2), where the package or arrangement of items of tangible personal property contains liquor, beer or wine, the fair value of the liquor, beer or wine contained in the package or arrangement is zero if,

(a) the vendor of the package or arrangement has paid the tax imposed under clause 2 (2) (b) of the Act upon acquiring the liquor, beer or wine; and

(b) the vendor has separated out the price of the liquor, beer or wine as provided under subsection (2).

(4) Despite subsections (1) and (2), the fair value of a package or arrangement of items of tangible personal property is zero if,

(a) the package or arrangement consists of items of tangible personal property that can be acquired by a purchaser exempt from tax under the Act, except for the container and other packaging; and

(b) the cost to the vendor of the container and other packaging is less than 10 per cent of the cost to the vendor of the items of tangible personal property that could be acquired by a purchaser exempt from tax under the Act. O. Reg. 476/93, s. 2.

1. The requirement to maintain pay equity for any female job class is limited in the manner prescribed in this Regulation where,

(a) a male job class has been used as the basis of a job-to-job comparison to a female job class in a pay equity plan; and

(b) the compensation for that male job class is increased as a result of a decision of an arbitrator, board of arbitration or other tribunal other than a decision that results from the failure of the parties to a collective agreement to reach an agreement in the course of bargaining for a collective agreement or the renewal of one. O. Reg. 491/93, s. 1.

2. Despite section 1, this Regulation does not apply so as to reduce the compensation paid to the members of the female job class. O. Reg. 491/93, s. 2.

3.—(1) The employer may declare that the male job class for which the compensation has been increased shall no longer be used for comparison with the female job class in the pay equity plan.

(2) The employer shall, within thirty days after the decision of the arbitrator, board or tribunal, give written notice of the declaration to the bargaining agent for the female job class and the employer and bargaining agent shall negotiate a new comparison for the female job class.

(3) If the employer declares that a male job class shall no longer be used, the increase in compensation shall not apply to the female job class which had been compared to it.

(4) Subsection (3) applies to all decisions of the arbitrator, board or tribunal even if the increases are retroactive. O. Reg. 491/93, s. 3.

4.—(1) Within ninety days after the employer gives written notice under subsection 3 (2), the parties shall negotiate the new comparison for the female job class using the job-to-job method of comparison or the proportional value method of comparison.

(2) If the parties cannot agree on the new comparison within the ninety-day period, they shall use the job-to-job comparison method described in section 5 if applicable and, if not, the proportional value comparison method described in section 6. O. Reg. 491/93, s. 4.

5.—(1) If the parties in preparing the pay equity plan have previously identified a male job class as being of equal or comparable value to the female job class and the job rate for that male job class is the same as the rate for the former male job class before it was increased under clause 1 (b), that previously identified male job class shall be used for the purposes of a job-to-job comparison with the female job class.

(2) If subsection (1) does not apply but there are male job classes previously identified in preparing the pay equity plan as being of equal or comparable value to the female job class, the previously identified male job class with the job rate nearest to but higher than the rate of the former male job class before it was increased shall be used for the job-to-job comparison with the female job class. O. Reg. 491/93, s. 5.

6. If the parties are not able to make a comparison under section 5, they shall negotiate a comparison using the proportional value method of comparison and Part III.1 of the Act applies with necessary modification to the comparison. O. Reg. 491/93, s. 6.

7. The parties shall incorporate any changes made under this Regulation into their pay equity plan and the employer shall post a copy of the changes to the plan in accordance with subsections 1 (2) and (3) of the Act. O. Reg. 491/93, s. 7.

8. This Regulation comes into force on September 1, 1993.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. The applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, R.S.O. 1990, Chapter T.22, and that the request is not frivolously made.
